PLAN 6

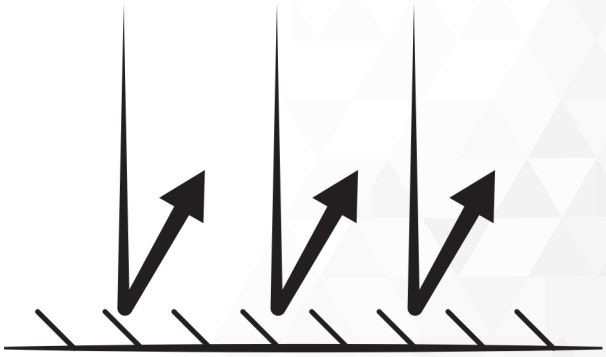

Why do we use a tanning lotion?

Tanning Lotion protects your skin during tanning and provides the best tanning results! Moisturized skin accepts UV light better.

Skin Reaction to UV Light

Moisturized Skin

Dry Skin

Bronzer — Have ingredients that provide immediate and/or delayed bronze color

Accelerators — Accelerate your tan without the use of Bronzers to build your natural color

It is recommended to mix up your routine with an accelerator every few weeks to avoid plateauing.

Tanning Goggles

Podz®
EYEWEAR
"Protecting the Worlds Most Beautiful Eyes"

Quick Facts:

- Failure to wear googles **Increases risk of eye cancer**
- **UV light goes through eyelids,** which offer no real protection at all, and can cause a variety of things that you do not want (photokeratitis,pterygium formation, cataracts, or macular degeneration)

Think of shining a flashlight though your fingertips. If that light can penetrate your fingers, imagine what the stronger UV light does to your eyelids (which have the thinnest skin of the body)

- **Contact lenses and sunglasses do not cover the entire eye,** so they cannot be used instead of googles.
  Think of being in a pool and wearing swimming googles. If the googles are loose, water gets in. Tanning bed googles are the same way, except it is UV light that is trying to get in
- **Towels are not an acceptable alternative,** as they do not block UV light
- **Just one tanning session without eyewear can damage your eyes, making them a leaky, burning mess.**
  Plus, <u>eyelids do not tan!</u>

Tips for Buying a Tanning Lotion

Why do you need a tanning lotion?

Hydration and Tyrosine! UV light needs somewhere to pull moisture from. If the UV light is pulling moisture from your dry skin, this will lead to accelerated aging and your color will not last a long time. Tyrosine is the ingredient that stimulates your melanin activity and accelerates your tan by 60%.

Do you prefer Bronzers or Accelerators?

Bronzers contain instant and delayed color, and accelerators are a blend of moisturizer + tyrosine. Do you prefer building your natural color or getting an instant pop of color and extra delayed color?

Do you have any Tattoos?

Try one of our lotions that have Tattoo and Color Fade Protection! This will help keep your tattoo looking fresh and prevent them from fading.

Hate after tan odor?

Try one of our lotions that have after tan odor eliminators so you will smell like the lotion when you finish your tan, and not like tanning!

Do you use Redlight + Tanning?

Try a lotion that is formulated for the tanning bed plus redlight, or you can always go with our “Collagenetics 2 in 1” which is formulated for optimal redlight absorption!

SUN HONEY™

All-Inclusive Glow-Enhancing Skin Ritual
Powered by a ATP Skin Performance Complex™ and Elasticity-supporting Golden Seaweed Drizzled with Copper and Diamond Peptides for a Luminous & Airbrushed Honey-Kissed Glow

DEVOTED CREATIONS®

FEATURES:

- Glow Enhancing Plateau Breaking Optimizer
- Ultra-Hydrating Golden Seaweed
- Light Response Energizing ATP Blend
- Barrier Strengthening Ceramide Complex
- Texture Perfecting Niacinamide
- Collagen Rich Copper Peptides
- Skin Illuminating Diamond Peptides
- Crystal Clear Glass Skin Complex
- Skin Soothing Turmeric Extract
- Honey + Agave Conditioning Antioxidants
- Honey Glaze Fragrance

BENEFITS:

- **Glow Enhancing Optimizer –** A plateau-breaking performance enhancer designed to improve skin receptivity, allowing tanning and skincare ingredients to absorb more efficiently for faster, darker, longer-lasting results and a smoother-looking complexion.
- **ATP Skin Performance Complex™ –** Supports cellular energy production to help skin perform more efficiently during UV exposure, light therapy, and sunless development for enhanced color performance and visible skin vitality.
- **Glass Skin Complex –** A luxurious blend of Snow Mushroom, Ceramides, and Vegan Squalane that delivers deep, lasting hydration to help reveal ultra-smooth, dewy, luminous-looking skin.
- **Niacinamide–** Helps improve skin elasticity, refine uneven tone, support barrier strength, and promote balanced, healthier-looking skin.
- **Diamond & Peptide Radiance Blend –** Combines light-reflecting diamond powder with advanced firming peptides to help blur visible imperfections, improve skin texture, and promote a luminous, glass-like glow.
- **Copper Peptides –** Help support collagen and elastin for firmer-looking skin while providing antioxidant support to improve the appearance of scars, stretch marks, and overall skin resilience.
- **Manuka Honey –** A naturally nourishing humectant that helps attract and seal in moisture to keep skin feeling soft, smooth, and deeply conditioned.
- **Agave Nectar –** A lightweight botanical hydrator that delivers fast-absorbing moisture to help refresh, soften, and balance skin hydration levels.
- **Turmeric Extract –** Helps improve the appearance of uneven tone, reduce visible dullness, and provide antioxidant support for a brighter, more radiant complexion.
- **Tattoo & Color Fade Protectors + After-Tan Odor Neutralizers –** Help maintain tattoo vibrancy while reducing the appearance of color fading and eliminating unwanted post-tan odor.

KEY SELLING STATEMENT:

A golden take on indulgence and radiance, Sun Honey™ melts effortlessly into the skin with rich, honeyed warmth and sun-drenched softness. This velvety infusion wraps the body in nourishing hydration, leaving skin dewy, gleaming, and cashmere-soft with a buttery, light-reflective finish. Golden Seaweed delivers mineral-rich hydration, while Honey and Agave draw in moisture for a luminous, honey-kissed look. A Ceramide Complex reinforces the skin's moisture barrier, leaving skin smooth, conditioned, and beautifully nourished. Niacinamide pairs with Copper and Diamond Peptides to promote a more even-toned, radiant appearance. Finished with a custom **ATP Skin Performance Complex,** this indulgent skin ritual helps prepare skin for UV, sunless, and light-based services- leaving skin dripping with honey-golden results and glow-infused effortless illumination, because flawless skin is always in.

PRODUCT ACTIONS:

Tanning Lotion

Bottle Size: 12.25oz Packet Size: .5oz

WHITE 2 BRONZE™ Wave

Gravity-Defying Facial-Grade Formula
Powered by Targeted Skin-Perfecting & Bio-Activated Complexes
pH-Balancing + Weightless Hydration
Radiant and Glowing skin… in just 1 session!

DEVOTED CREATIONS®

FEATURES:

- Dry-Touch Collagen Infused Enhancer
- For use in UV, Light and Spa equipment
- Skin Strengthening Lachestim™
- Detoxifying Jade Extracts
- Collagen Banking Complex
- Anti-Aging CycloRetin™
- Hydration Boosting Snow Mushroom
- Antioxidant Rich Pomegranate Extracts
- Nourishing CoQ10
- Sunrise Mist Fragrance

BENEFITS:

- Bronzer Free UV and Light Enhancer – This soft touch formula helps to increase spa session results without any added colorants.
- Collagen Cream – A next-generation tanning cream designed to replicate the skin-rejuvenating effects of light sessions by supporting collagen production and elasticity.
- Dry Touch Formula – A weightless, fast-absorbing finish that leaves skin feeling silky smooth without excess residue.
- Lachestim™ – Known as 'Crystal Tears,' this antioxidant-rich extract helps strengthen the skin's natural barrier while enhancing the look of firmness and promoting a refreshed, revitalized complexion.
- CycloRetin™ – A next-generation retinoid complex, derived from ginger, that helps refine skin texture, smooth the look of fine lines, and promote a radiant, youthful appearance.
- Collagen Banking Complex – A collagen infusion that aims to replenish and preserve collagen.
- Snow Mushroom – Hydrates the skin by helping to retain moisture, improve skin's elasticity, and create a plump, dewy complexion.
- Jade Extracts – A natural mineral rich in nutrients that helps to detoxify, reduce inflammation, and boost blood flow, while locking in moisture for a smoother, more toned appearance.
- CoQ10 – Penetrates deeply to provide antioxidants and help create collagen and elastin.
- Pomegranate Extracts – Hydrates and softens the skin for longer lasting tanning results.

KEY SELLING STATEMENT:

White 2 Bronze Wave™ is more than just a tan – it's a total skin-enhancing experience. This pH-balancing, light-friendly pure accelerator is designed to complement the effects of light therapy through next-gen, skin-conditioning ingredients. Powered by advanced, skin-fortifying actives, White 2 Bronze Wave transforms every tanning session into a radiant, skin-replenishing ritual. Featuring a breakthrough botanical shown to help improve the look of skin firmness and smoothness, while supporting a more toned, lifted appearance. The Collagen Banking Complex helps maintain the skin's natural structure, while Snow Mushroom delivers intense hydration with a weightless, dry-touch finish. CoQ10 and Pomegranate Extract provide antioxidant-rich nourishment to help refresh and revitalize the skin's appearance. From softening the look of fine lines to enhancing the feel of skin texture and tone, this targeted, transformative, spa-inspired formula brings the beauty of wavelengths into every session. With White 2 Bronze Wave™, it's time to glow on a whole new frequency.

PRODUCT ACTIONS:

Tanning Lotion and Light Spa Cream

Bottle Size: 8.5oz Packet Size: .5oz

COLLAGENETICS™
2-in-1 PRO

DEVOTED CREATIONS®

FEATURES:

- Red Light Therapy Prep Lotion AND Tanning Accelerator
- PH Stabilizers for optimal absorption
- Boosts collagen production and helps reduce stress caused cell damage with Bioactive Tetra Peptides™ and Advanced Matrixyl Synthe 6™
- Trylagen™ and Renovage™ provide maximum anti-aging and skin firming benefits
- Moisturizes and Revitalizes the skin
- Clean Cotton Fragrance

BENEFITS:

- Prepares the skin for Red Light Therapy and/or UV tanning session
- Blended with multiple accelerators that work to speed up the tanning process for fast, dark tanning results
- Bioactive Tetra Peptides™ – Activates Collagen production and decreases appearance of fine lines, wrinkles and skins overall roughness.
- Trylagen™ - helps boost the appearance of collagen and helps protect collagen from degenerating. Skin appears firmer, smoother and wrinkles appear to 'fill out' becoming less and less visible
- Kollaren™ – Potent skin repairing and collagen producing peptides
- Renovage- firms, hydrates and plumps the skin, increases levels of collagen
- Advanced Matrixyl Synthe 6™ – Powerful anti-aging peptide that reduces the appearance of fine lines and wrinkles for long-lasting results.
- pH Stabilizers help the skin to achieve optimal pH levels
- Lychee Fruit Extracts – natural extracts that work to boost moisture and revitalize the skin for a fresh, rejuvenated appearance, help to erase the signs of aging for a more youthful complexion
- Helps the skin to retain its natural moisture

KEY SELLING STATEMENT:

Collagenetics™ is a miracle break- through, total face and body skin care system. COLLAGENETICS 2-IN-1 LOTION PRO™ is the newest product to this innovative regime. The 2-in-1 PRO has been formulated for those tanners who have chosen to utilize both the red light therapy and tanning in the same day, but still want the highly concentrated skin care ingredients Devoted Creations is known for. With one product you can do it all! Apply the lotion to your entire body following exfoliation and prior to Red Light Therapy or your tanning session. Your skin will be prepped for your red light session and then ready to get fast, dark tanning results without the need to apply a separate product. Our innovative Collagenetics 2 in 1 PRO has been scientifically designed to work in conjunction with our collagenetics line, or with use alone, to help erase the appearance of aging and restore your skins youthful look. 2 in 1 Pro will provide optimum Red light and tanning results as well as help to reduce the appearance of fine lines, wrinkles, and signs of aging, and boost collagen production.

PRODUCT ACTIONS:

Tan Enhancer, Red Light Prep
Bottle Size 7oz

COLLAGENETICS™ ILLUMINATE

CREAM CONCENTRATE

Highly Concentrated Multi-Targeted Cream
Peptide Complex – Collagen Infusion – Skin Contouring Effect – Light and Energy Optimizing
Skin Hydrating & Perfecting – pH Balancing For Younger Looking Skin

DEVOTED CREATIONS®

FEATURES:

- Facial & Décolletage Light Therapy Prep Cream
- Highly Concentrated for Delicate Skin
- Multiple pH Stabilizers for Optimal Light Absorption
- Repairing & Calming Supercharged Abyssine™
- Enhanced Skin Tightening & Firming Ingredients
- Power Packed Peptide Complex
- Collagen Infused
- Hydrating Hyaluronic Acid
- Sculpting & Lifting Skin Perfecting Agents
- Blemish & Irritation Combating
- Youth Boosting Orange Extracts
- Complexion Brightening
- Multi-use Formula
- Purity Fragrance

BENEFITS:

- Facial & Décolletage All Light Amplifier - Allows this product to be used under all light hues for longer lasting, skin perfecting results.
- Multi-Use Formula – Can be used prior to light sessions as well as at home daily as a part of your skincare regimen.
- pH Balancing Blend - Makes this formula optimal for use before all light services.
- Pepha-Tight™ - Helps the skin to appear more firm, more revitalized and restored.
- Abyssine™ - Enhances the skin's moisture retention, provides antioxidant effects, and supports the skin's barrier function while helping to combat irritation.
- Watercress Extract – Mineral rich additive that boosts radiance and promotes a more smooth overall appearance to the skin.
- Apple Cider Vinegar – Helps to absorb excess oils, detoxify and unclog blocked pores and soothe inflamed skin.
- Regu-Scence™ – A unique agent that helps to delay the natural aging process while protecting against collagen loss.
- Powerful Peptide Complex – Potent multiple peptide complex to help combat the appearance of wrinkles and aging while promoting a more sculpted, lifted and youthful appearance.
- Vegan Collagen – Helps to strengthen and condition the skin to visibly improve texture and suppleness while also helping to restore skin's natural bounce and resilience, helping to diminish the look of fine lines and wrinkles.
- Hyaluronic Acid – A gentle blend of agents that work to hydrate layers of the skin to promote a bouncy, plump look.
- Youth Boosting Sweet Orange Oil – A collagen boosting antioxidant high in Vitamin C that helps to ward off environmental stressors and combat dull looking skin.

KEY SELLING STATEMENT:

Light your way to younger looking skin with Collagenetics Illuminate, a revolutionary skincare line designed to harness the power of light for a more radiant and youthful complexion. Crafted to complement all light hues, Collagenetics Illuminate's Cream Concentrate goes beyond traditional skincare. This prestigious formula is power packed with advanced collagen, potent peptides and radiance enhancers while also being engineered to create a sculpted and contoured appearance to the skin and combat the appearance of imperfections. Let your skin shine and reveal a more illuminated complexion with Collagenetics Illuminate - because your skin deserves to shine in every light!

COLLAGENETICS™
PREPARATION SPRAY

DEVOTED CREATIONS®

FEATURES:

- Red Light Therapy Preparation Spray
- pH Stabilizers
- Moisturizes and Revitalizes the skin
- Hypoallergenic
- Fragrance Free

BENEFITS:

- Prepares the skin for Red Light Therapy and/or the other steps in the COLLAGENETICS™ skincare system
- pH Stabilizers help the skin to achieve optimal pH levels
- Revitalizes the skin for a fresh, rejuvenated appearance
- Helps the skin to retain its natural moisture
- Hypoallergenic so it can be used by even those with sensitive skin

KEY SELLING STATEMENT:

Collagenetics™ is a miracle break- through, total face and body skin care system. COLLAGENETICS BOV SPRAY™ is step two of this new innovative regime. Spray the light, non-greasy formula on your entire body following exfoliation and prior to Red Light Therapy or the application of Steps 3 and 4. All of these formulas have been scientifically designed to work in conjunction with each other to help erase the appearance of aging and take your skin back to its youthful look. Ideal to use as the foundation of your daily skin care regime, they have also been formulated to work with Red Light Therapy for optimum results. Together, they are designed to reduce the appearance of fine lines, wrinkles, and aging. The BOV SPRAY is a fragrance free clear spray that will revitalize the skin and help it to maintain its ideal levels of natural moisture. Hypoallergenic and fragrance free, it is designed even for those with sensitive skin.

PRODUCT ACTIONS:

Prep Spray

Bottle Size: 6 oz Packet Size: N/A

HEAT REVIVAL SPRAY

Electrolyte Skin Replenish Green Tea, B5 & Electrolyte Skin Replenishing Complex

COLLAGENETICS™
ALIGN
WELLNESS SYSTEM

FEATURES:

- Post Heat Spray
- Niacinamide Barrier Strengthening
- Essential Electrolytes
- Vitamin and Nutrient Replenisher
- Soothing & Calming
- For Use After Heat Exposure or Showering
- Pomberry Breeze Fragrance

BENEFITS:

- Electrolytes - Electrolytes are essential for skin recovery after heat exposure because sweating causes the loss of key minerals that help regulate hydration and skin balance. When these minerals are depleted, skin can feel tight, dry, and fatigued. Electrolytes help replenish what heat takes away, supporting optimal hydration levels and helping skin return to a refreshed, balanced state after sauna and thermal therapies.
- Hyaluronic Acid - Heat rapidly dehydrates the skin by increasing moisture loss through sweat. Hyaluronic acid acts as a powerful humectant, drawing water back into the skin to immediately relieve dehydration and tightness. This helps restore a smooth, hydrated feel and supports skin comfort after heat exposure.
- Niacinamide - Thermal stress can temporarily weaken the skin barrier and trigger visible redness or sensitivity. Niacinamide helps strengthen the skin barrier, improve moisture retention, and calm visible stress caused by heat exposure. This supports faster recovery and helps skin feel more resilient after sauna sessions.
- Green Tea - Heat exposure can increase oxidative stress in the skin. Green tea provides antioxidant support to help defend against environmental and heat-induced stressors, while also offering calming benefits that help skin feel soothed and refreshed after thermal exposure.
- Vitamin B5 (Panthenol) - Vitamin B5 is known for its soothing and hydrating properties, making it especially beneficial after heat exposure. It helps calm stressed skin, support recovery, and improve overall skin comfort by reinforcing moisture balance and aiding in skin repair.
- Matrixyl - Heat exposure can contribute to visible skin fatigue and collagen decline over time. Matrixyl is an advanced peptide complex that helps support collagen renewal, improving the appearance of firmness, smoothness, and elasticity. This helps skin look more revitalized and resilient as it recovers from thermal stress.

KEY SELLING STATEMENT:

Heat exposure causes the skin to lose moisture, electrolytes, and essential nutrients through sweat, leaving it temporarily dehydrated, sensitized, and out of balance. Heat Revival Spray is designed to support skin recovery after sauna and thermal therapies by replenishing lost hydration and electrolytes while helping calm, restore, and reinforce the skin barrier. Infused with electrolytes, hyaluronic acid, niacinamide, and antioxidant botanicals, this lightweight mist helps skin return to a balanced, refreshed state, so skin feels resilient, soothed, and revived after every heat session.

Apply to skin immediately following heat exposure to replenish moisture and restore comfort. Use as needed.

PRODUCT ACTIONS:

Post Heat Spray

Bottle Size: 4oz

HEAT RECOVERY CREAM

Niacinamide Skin Recovery Electrolyte, Peptide & Niacinamide Skin Quenching Complex

COLLAGENETICS™
ALIGN
WELLNESS SYSTEM

FEATURES:

- Post Heat Hydrator
- Niacinamide Barrier Strengthening
- Essential Electrolytes
- Lightweight Long-lasting Hydration
- Soothing & Calming
- For Use After Heat Exposure or Showering
- Pomberry Breeze Fragrance

BENEFITS:

- Niacinamide - Niacinamide is essential for post-heat recovery because it helps strengthen the skin barrier, reduce visible redness, and support skin resilience after thermal stress. Heat exposure can temporarily disrupt barrier function, and niacinamide helps skin recover faster by improving moisture retention and restoring balance.
- Electrolytes - Sweating during sauna and heat therapies causes the skin to lose key minerals that help regulate hydration. Electrolytes help replenish what is lost through sweat, supporting optimal moisture balance and helping skin feel refreshed rather than depleted after heat exposure.
- Hyaluronic Acid - Heat dehydrates the skin quickly. Hyaluronic acid acts as a powerful moisture magnet, helping draw water back into the skin to immediately relieve dryness and tightness while improving skin's overall hydration levels post-sauna.
- Colloidal Oat Extract - Heat can leave skin feeling sensitive or overstimulated. Colloidal oat extract is known for its soothing and calming properties, helping reduce discomfort and support a healthy skin barrier after exposure to high temperatures.
- Peptides - Thermal stress can impact skin's structural proteins. Peptides help support skin repair and resilience by reinforcing the skin's natural recovery processes, leaving skin feeling smoother, stronger, and more supported after heat exposure.
- Cucumber Water - Naturally cooling and refreshing, cucumber water helps calm overheated skin while providing lightweight hydration. It enhances the cream's soothing effect, helping skin feel refreshed, balanced, and comfortable after sauna sessions.
- Matrixyl - Heat exposure can contribute to visible skin fatigue and collagen decline over time. Matrixyl is an advanced peptide complex that helps support collagen renewal, improving the appearance of firmness, smoothness, and elasticity. This helps skin look more revitalized and resilient as it recovers from thermal stress.

KEY SELLING STATEMENT:

Heat exposure and sweating can deplete the skin of moisture and electrolytes while temporarily weakening the skin barrier, leaving skin feeling dry, tight, or sensitized after sauna or heat therapy. Heat Recovery Cream is designed to replenish what heat takes away - restoring hydration, reinforcing the skin barrier, and helping skin return to balance. Powered by niacinamide, peptides, electrolytes, and soothing botanicals, this recovery cream helps calm visible stress, support skin resilience, and lock in moisture after heat exposure- so skin feels comfortable, nourished, and fully restored.

Apply to skin immediately after heat exposure, post-shower, or anytime skin feels dry and in need of hydration.

PRODUCT ACTIONS:

Post Heat Hydrator

Bottle Size: 8oz

COLD REVIVAL SPRAY

Powered by Magnesium
Magnesium, B5 & Allantoin Skin Recovery Complex

COLLAGENETICS™
ALIGN
WELLNESS SYSTEM

FEATURES:

- Post Cold Renewal Spray
- Balancing Magnesium
- Essential Electrolytes
- Skin Calming Chamomile
- For Use After Cold Exposure or Showering
- Blue Cascade Fragrance

BENEFITS:

- Magnesium - Magnesium plays an important role in supporting skin comfort during cold exposure by helping calm visible stress and supporting the skin's response to temperature changes. Extreme cold can create a tight, uncomfortable feeling as circulation shifts, and magnesium helps promote a more balanced, soothed skin state after cold therapies.
- Allantoin - Cold exposure can leave skin feeling sensitized as it rewarms. Allantoin is known for its soothing and skin-comforting properties, helping calm irritation and support recovery when the skin experiences rapid temperature shifts.
- Sodium PCA - Sodium PCA is a naturally occurring humectant that helps attract and retain moisture within the skin. Cold environments can pull moisture from the skin quickly, and sodium PCA helps maintain hydration levels so skin feels less dry and more comfortable during and after cold exposure.
- Chamomile - Cold therapy can trigger visible redness or sensitivity in some skin types. Chamomile provides calming benefits that help reduce visible signs of stress and promote a more balanced, refreshed complexion after cryotherapy.
- Vitamin B5 (Panthenol) - Vitamin B5 supports skin recovery by helping soothe stressed skin and reinforce moisture balance. After cold exposure, it helps improve skin comfort and supports the skin's natural recovery process as it returns to normal temperature.
- Matrixyl - Cold exposure can cause the skin to feel tight and stressed. Matrixyl is an advanced peptide complex that helps support collagen renewal, improving the appearance of firmness, smoothness, and elasticity. This helps skin look smoother, more resilient, and revitalized after cold therapy.

KEY SELLING STATEMENT:

Extreme cold exposure can temporarily disrupt the skin barrier, reduce surface circulation, and leave skin feeling tight, dry, or sensitized once it rewarms. Cold Revival Spray is designed to support the skin after cold therapy by helping maintain hydration, cushion the skin barrier, and calm visible stress caused by rapid temperature shifts. Powered by magnesium, allantoin, and moisture-binding humectants, this lightweight mist helps skin stay comfortable, balanced, and resilient through cold exposure so recovery feels intentional, not reactive.

Apply to skin immediately following cold exposure to replenish moisture and restore comfort. Use as needed.

PRODUCT ACTIONS:

Post Cold Spray
Bottle Size: 4oz

COLD RECOVERY CREAM

Ceramide Barrier Recovery Peptide, Ceramide & Lipid Skin Repair Complex

COLLAGENETICS™
ALIGN
WELLNESS SYSTEM

FEATURES:

- Post Cold Hydrator
- Ceramide Barrier Recovery
- Long-lasting Soothing Moisture
- Skin Softening
- For Use After Cold Exposure or Showering
- Blue Cascade Fragrance

BENEFITS:

- Ceramides - Ceramides are essential to a healthy skin barrier and play a critical role in recovery after cold exposure. Extreme cold can strip the skin of its natural lipids, weakening the barrier and increasing moisture loss. Ceramides help restore and reinforce the skin's protective barrier, improving moisture retention and helping skin feel resilient and balanced as it rewarms.
- Fatty Acids - Cold exposure can disrupt the skin's natural lipid balance, leading to dryness and tightness. Fatty acids help replenish lost lipids, supporting barrier repair and helping skin maintain softness, flexibility, and hydration after cryotherapy.
- Peptides - Temperature stress can impact the skin's natural repair processes. Peptides help support skin recovery by reinforcing resilience and promoting a smoother, stronger skin appearance following cold exposure.
- Allantoin - Cold therapy can leave skin feeling sensitized or uncomfortable once circulation returns. Allantoin is known for its soothing properties, helping calm irritation, reduce discomfort, and support skin comfort during post-cold recovery.
- Cholesterol - Cholesterol is a critical component of the skin barrier and works synergistically with ceramides and fatty acids to restore barrier integrity. It helps improve moisture retention and reinforces the skin's ability to protect itself after cold-induced stress.
- Squalane - Cold environments can leave skin feeling dry and depleted. Squalane helps replenish moisture and restore softness while supporting the skin's lipid barrier, helping skin feel nourished and comfortable after cold exposure.
- Matrixyl - Cold exposure can cause the skin to feel tight and stressed. Matrixyl is an advanced peptide complex that helps support collagen renewal, improving the appearance of firmness, smoothness, and elasticity. This helps skin look smoother, more resilient, and revitalized after cold therapy.

KEY SELLING STATEMENT:

Extreme cold exposure can compromise the skin barrier by stripping essential lipids, reducing surface circulation, and leaving skin feeling tight, dry, or sensitized as it rewarms. Cold Recovery Cream is designed to restore what cold disrupts - replenishing essential ceramides, lipids, and moisture to help reinforce the skin barrier after cryotherapy and cold exposure. Formulated with a ceramide complex, fatty acids, peptides, and soothing agents, this rich recovery cream helps repair, comfort, and protect the skin - so it returns to a balanced, resilient state after cold therapy.

Apply to skin immediately after cold exposure, post-shower, or anytime skin feels dry and in need of hydration.

PRODUCT ACTIONS:

Post Cold Hydrator

Bottle Size: 8oz
